

ARROZY ADI FALAQI, B.Sc.

UI/UX Designer & Technical Writer | Enterprise Systems & Product Documentation

Bandung, Indonesia (Open to On-site / Remote / Relocation) · +62 812-9802-3537 · arrozyadifalaqioi@gmail.com

Portfolio: portofolio-arrozy.vercel.app · LinkedIn: linkedin.com/in/arrozy-adi-falaqi-6a25ba14a

PROFESSIONAL SUMMARY

Dual-competency UI/UX Designer & Technical Writer with a Computer Science degree (GPA 3.73) and 3+ years of professional experience translating intricate business logic into intuitive user interfaces and crystal-clear technical documentation (User Manuals, Digital SOPs, Data Dictionaries, ERD Diagrams, and UAT Test Scenarios). Proven track record delivering 10+ enterprise and national public-sector platforms for government ministries and academic institutions (Komdigi, Kemendikbud, PUPR, Universitas Terbuka). Offers a powerful 2-in-1 capability: architecting frictionless system workflows for internal operations, inventory, and logistics, while simultaneously authoring structured user guides and technical specifications that minimize operational errors and streamline employee onboarding.

CORE COMPETENCIES & TECHNICAL SKILLS

Technical Writing & Documentation | User Guides & Standard Operating Procedures (SOP), Data Dictionaries, Entity Relationship Diagrams (ERD), UAT Test Scenarios & Acceptance Criteria, Functional Specifications (FSD/BRD), Business Process Flowcharts (BPMN), Release Notes.

UI/UX & Product Design | Design Systems & Tokens, Complex Data Dashboards, Multi-Role Admin Portals, Interactive Prototyping, Wireframing, Information Architecture (IA), User Journey & Flow Mapping, Usability Testing, Heuristic Evaluation.

Tools & Software | Figma (Auto-Layout, Variables, Components), Draw.io, Microsoft Word/Docs (Standardized Templates & Technical Reports), Miro, Git / GitHub, Notion, Trello, JIRA.

Engineering & Front-End | HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Database Schema Understanding, RESTful APIs, Technical Handoff.

Languages | Indonesian (Native / Professional Formal Documentation), English (Professional Working Proficiency).

TECHNICAL DOCUMENTATION HIGHLIGHTS & PRODUCT CASE STUDIES

System User Manuals & Operational SOPs · Universitas Terbuka (UT) User Guides & Reports

- Kaprodi Curriculum 3.0 & SDGs Dashboard Manuals:** Authored comprehensive step-by-step user manuals complete with visual walkthroughs, operational flowcharts, and troubleshooting guidelines for academic department heads and quality assurance teams; reduced user onboarding inquiries by 40%.
- Preliminary & Final System Delivery Reports:** Penned formal end-to-end technical reports detailing system architecture, operational methodologies, and implementation metrics delivered to institution stakeholders.

Database Architecture & Data Dictionary · Testing Center / Non-SIMS & SIMPEL Technical Specs

- Data Dictionaries & Database ERD:** Constructed comprehensive Data Dictionaries (entity definitions, data types, validation logic, foreign keys) and relational ERD diagrams for testing and certification systems (E-Suket & Sirani), serving as the foundational reference for backend engineers and QA teams.
- Integrated Application Models:** Documented multi-tier application architectures and operational workflows for BBPPT internal and external user portals.

UAT Test Scenarios & Quality Verification · SIMPONI V2 Billing Module Testing Artifacts

- UAT Test Suite Execution:** Formulated formal UAT execution scripts (zero-tariff billing cancellation via portal and service API), mapping out prerequisites, test procedures, expected outcomes, and sign-off criteria prior to production release.

High-Stakes National Exam & Admin Portals · Komdigi & Kemendikbud UI/UX & Design Systems

- CAT Komdigi National Examination Platform:** Designed distraction-free exam room UX integrating Safe Exam Browser (SEB) onboarding, interactive question palette, and real-time state recovery for nationwide exam takers.
- Kemendikbud SIMONTILA Admin Portal:** Overhauled data management workflows across 5,000+ school records into high-density filterable tables, boosting administrative efficiency by 30%.

PROFESSIONAL EXPERIENCE

PT Mitra Sinerji Teknoindo · UI/UX Designer & Technical Writer Aug 2023 – Present

Bandung, Indonesia · IT Consulting & Enterprise Digital Transformation

- End-to-End Design & Technical Documentation:** Lead the dual mandate of interface design and technical documentation for 10+ enterprise platforms spanning ministries and public sector institutions (Komdigi, Kemendikbud, PUPR, Universitas Terbuka).
- User Manuals & Standard Operating Procedures (SOP):** Author structured user manuals, digital SOPs, and feature guidebooks for system administrators and end-users, ensuring seamless system rollouts with minimal friction.
- Functional Specifications & Data Modeling:** Draft Functional Specification Documents (FSD/BRD), data dictionaries, and system flowcharts to align client business operations with backend database and API architecture.
- User Acceptance Testing (UAT) Coordination:** Develop UAT execution suites, facilitate testing sessions with institutional stakeholders, document defect registries, and verify delivery against sign-off criteria.
- Figma Design Systems & Developer Handoff:** Architect standardized Figma design libraries with reusable components and tokens matching React/Tailwind specs, cutting developer handoff defects by ~40% and increasing sprint velocity by ~30%.
- Telemetry & Operational Dashboard Design:** Redesigned PUPR BRAVO project monitoring and raw sensor telemetry interfaces, turning complex data tables into high-clarity operational dashboards requiring zero prior training.

PT Intelligo · Graphic Designer & Visual Specialist (Internship) Jan – Mar 2023

Bandung, Indonesia · Digital Marketing & Creative Agency

- **Visual Standardization & Asset Delivery:** Created marketing assets and visual guidelines with clear information hierarchy for diverse commercial clients under strict production deadlines.
- **Client Communication:** Collaborated directly with external stakeholders to translate brand identity guidelines into digital campaign collateral.

CV Mitra Yudha Xaviera · Web Developer (Internship)

Sep – Nov 2022

Bandung, Indonesia · Web Development & IT Services

- **Front-End Implementation:** Engineered responsive web interfaces using HTML, CSS, and JavaScript; optimized asset loading and rendered page speeds by 20%.
- **Technical Foundations:** Gained practical experience in relational database queries and technical systems, forming the foundation for writing accurate data dictionaries and software documentation.

EDUCATION & CERTIFICATIONS

Universitas Pendidikan Indonesia (UPI) · Bachelor of Computer Science

2019 – 2024

(S.Kom.)

- **Academic Excellence:** GPA: 3.73 / 4.00 (Distinction). Core coursework in Software Engineering, Human-Computer Interaction (HCI), and Database Management Systems.
- **Undergraduate Thesis:** Design & Development of Orion Guest House Website using Double Diamond Methodology & Content Marketing (encompassing user research, wireframing, technical documentation, and usability testing).

Binar Academy · Intensive UI/UX Design Bootcamp

Feb – Jul 2022

- **Curriculum & Projects:** Hands-on mastery in Design Thinking, user research (50+ survey respondents, 5 in-depth user interviews), information architecture, interactive prototyping, and usability evaluation.
